Dolmenwood Third-Party Licence

Whereby adventurers may add their own tales to the telling of Dolmenwood.

Welcome to the tricksome and beguiling world of Dolmenwood. These guidelines seek to advise on creating third-party or fan-developed adventures and supplements for the Dolmenwood Role-Playing Game. Pay attention adventurers, follow these guidelines and you'll be able to create your own compatible content under Dolmenwood's royalty free third-party licence.

This Third-Party Content Licence Agreement ("Agreement") is by and between Necrotic Gnome, Inc. ("Necrotic Gnome" or "we", "our", or "us") and you or the organisation you represent ("you" or "Participant").

THE DOLMENWOOD PROPERTY

This Agreement covers the permitted and non-permitted uses of the licence as it relates to the use of content, including, stories, characters, creatures, locations, spells, items and themes, from Necrotic Gnome's official Dolmenwood Role-Playing Game. Dolmenwood currently consists of three core books, specifically:

1. The Dolmenwood Player's Book
2. The Dolmenwood Campaign Book
3. The Dolmenwood Monster Book

(collectively, the "Dolmenwood Property").

Additional content published by Necrotic Gnome may be added to the Dolmenwood Property at our discretion. Content based on the Dolmenwood Property created by Participant shall be referred to as "Third-Party Content".

In consideration for Necrotic Gnome allowing you to create content based on the Dolmenwood Property, you hereby acknowledge and agree to these guidelines. We hope that these rules allow Participants the freedom to tap into their own creativity and produce new adventures and supplements that can be sold or shared freely within the community for everyone's enjoyment, while also protecting the integrity of the Dolmenwood Property. By creating Third-Party Content, you shall be bound by this Agreement. If you are in disagreement or unable to follow the terms of this Agreement, then you may not licence the Dolmenwood Property to create any Third-Party Content.

PERMISSIBLE CONTENT

Third-Party Content includes the following:

1. Third-Party Supplements, described as original adventures or supplements for the Dolmenwood RPG created by Participant and incorporating story elements, characters, locations or elements from the Dolmenwood Property. (e.g. an adventure set in Dolmenwood, a supplement of new Dolmenwood monsters.)
2. Actual Plays (i.e. videos, podcasts, or live streams) of the Participant and others playing the Dolmenwood RPG. (e.g. a Dolmenwood live play video series.)

Participant may do the following with Third-Party Content:

1. Third-Party Supplements may be shared online for free or published and sold in digital or printed form, with Participant keeping all profits.
2. Actual Plays may be shared online to be viewed for free.

Third-Party Content must:

1. Be compatible with the Dolmenwood RPG rules. All included game mechanics (e.g. monster stat blocks) must be compatible with the Dolmenwood RPG.
2. Use trade dress (i.e. fonts, colours, style, design, cover layout) distinct from that of official Dolmenwood products published by Necrotic Gnome, so that it does not appear to be an official Dolmenwood release.
3. Not use the name "Dolmenwood" in its title, so that it does not appear to be an official Dolmenwood release. That term may be used in a subtitle, e.g. "An adventure in Dolmenwood".
4. State (e.g. in introductory / legal text): "This is an independent product published under the Dolmenwood Third-Party Licence and is not affiliated with or approved by Necrotic Gnome. Dolmenwood® and all related characters and elements are © Necrotic Gnome and used with permission under licence."
5. Third-Party Supplements must state (e.g. on a book's back cover): "Requires the Dolmenwood core books".
6. Prominently feature the Dolmenwood Compatibility Logo that accompanies this licence, identifying that it is Third-Party Content.

Referencing the Dolmenwood Property:

1. Third-Party Content may use and reference the rules and game mechanics of the Dolmenwood RPG, and may refer to stories, characters, creatures, locations, spells, items and themes from the Dolmenwood Property.
2. Third-Party Content may not copy portions of direct text or art from the Dolmenwood Property, except as described below.

Copying monsters from the Dolmenwood Property:

1. Third-Party Supplements may include up to 10 monsters copied from the Dolmenwood Property.
2. Copied monsters may include descriptions, stat blocks, and explanations of special abilities. Tables of encounters, lairs, and traits may not be copied. Monster art may not be copied. Copied monsters may be modified if desired.
3. Third-Party Supplements including monsters copied from the Dolmenwood Property must include the following legal note: “The following monsters in this work are taken from the Dolmenwood game, with the permission of Necrotic Gnome under license: [list monsters]. See <https://necroticgnome/3pp>.”
4. If copied monsters are derived from the System Reference Document 5.1 (e.g. owlbear), the following legal note must also be included: “This work includes material taken from the System Reference Document 5.1 (“SRD 5.1”) by Wizards of the Coast LLC and available at <https://dnd.wizards.com/resources/systems-reference-document>. The SRD 5.1 is licensed under the Creative Commons Attribution 4.0 International License available at <https://creativecommons.org/licenses/by/4.0/legalcode>.”

PROHIBITED CONTENT

1. uses the Dolmenwood Property to create non-RPG products beyond the permissible uses under this Agreement;

3. is, or may reasonably be considered to be abusive, illegal, defamatory, libellous, hateful, racially or religiously biased or offensive, slanderous, indecent, obscene, pornographic, sexually explicit, unlawfully threatening or unlawfully harassing to any individuals or organisations in any way; or that encourages anyone to break any law;
4. infringes anyone else’s copyright, patent, trademark, trade secret or other proprietary rights or rights of publicity or privacy;
5. contains any statements or allegations that are false, inaccurate or misleading, for example, any statements that misrepresent rights under this Agreement or allegations about Necrotic Gnome;

8. includes any information that references other websites or personally identifiable information (e.g., first and last name, addresses, email addresses, contact information or phone numbers) without such individual’s consent;
9. includes the Dolmenwood Property in any generative A.I. programs, for example submitting the Third-Party Content or Dolmenwood Property into any models or databases used to train A.I. systems;
10. uses the Dolmenwood Property in connection with any unapproved digital tools, software or any other technologies not otherwise permitted;
11. violates any other laws.
